Message

I am glad to know that Central Detective Training Institute, Hyderabad is bringing out its Annual Report for the year 2022-2023. This Institute was established on the 28th of September, 1964. In the last 59 years, the Institute has made a yeoman's service to the capacity building of police officers in the country.

The Central Detective Training Institute, Hyderabad is evolving as a Centre for Excellence in "Police Information Technology and Cyber Crimes". The training programmes organized at CDTI, Hyderabad have emphasised the latest developments in the field of criminal investigation there by helping the investigating officers equip themselves with modern practices. The setting up of the National Cyber Research, Innovation and Capacity Building Centre under the Indian Cyber Crime Coordination Centre (I4C) at CDTI, Hyderabad as also enhanced the training capabilities of the Institute.

I appreciate the sincere efforts made by the officers and staff of CDTI, Hyderabad in bringing out the Annual Report and wish them every success in their future endeavours.

Message

The Bureau of Police Research & Development (BPR&D), in association with its outlying units, including the Central Academy for Police Training (CAPT), Bhopal and the 5 Central Detective Training Institutes (CDTIs) at Kolkata, Hyderabad, Chandigarh, Ghaziabad and Jaipur, has remained committed to its mandate of Capacity Building, Research and sensitization of police professionals in the context of emerging concerns.

CDTI, Hyderabad is the 2nd oldest Institute among the field units of the Bureau, with a primary jurisdiction comprising the states in the southern part of the country,

Under the dynamic leadership of its Director, Shri Kranthi Kumar Gadidesi, the Institute is steadily evolving as a Centre of Excellence in '**Police Information Technology & Investigation of Cyber Crime**'. Over the years, the Institute has trained a significantly large number of police and security personnel, across ranks, and in line with its express mandate.

The '**Annual Report 2022-23**', of CDTI, Hyderabad, is a useful publication, flagging significant milestones in the year gone by. Importantly, many of the successes reported, were registered despite the rigours of a persistent pandemic.

I wish the Director, and the entire team of CDTI Hyderabad, the very best in each of their forthcoming endeavors.

Neeraj Sinha IPS,
ADG, BPR&D

MESSAGE OF DIRECTOR

It is a matter of immense pleasure for me to bring out the Annual Report for the year 2022-23 of the Central Detective Training Institute, Hyderabad. The Report contains a true and full account of the activities undertaken by this Institute in the previous calendar year.

Starting from a rented accommodation in the year 1964, CDTI, Hyderabad has come a long way. CDTI now functions in its own building at Ramanthapur and its infrastructure is being upgraded from time to time to meet the ever-growing demand for training. Starting with two courses in a year in the initial days, CDTI has trained 7,067 officers in about 104 courses in the reporting year. Apart from training Police Officers, CDTI has been imparting training to Judicial Officers, Prosecution Officers, Prison Officials and CAPF Officers.

Being declared as Centre of Excellence for "Police Information Technology and Cybercrime" coupled with the establishment of "National Cyber Research, Innovation and Capacity Building Centre" under the Indian Cyber Crime Coordination Centre (I4C), MHA, enabled CDTI-Hyderabad to hone the investigative skills of police officers in the field of cybercrimes. It has been our continuous endeavor to improve the investigative skills of the Law Enforcement Officers and I am proud to say that we are moving in the right direction.

I take this opportunity to compliment the CDTI team for their untiring efforts in bringing out the Annual Report. I am sure that the Annual Report 2022-2023 will be useful to all the Police Forces in India.

1. INTRODUCTION

The Central Detective Training Institute, Hyderabad was inaugurated on 28th September, 1964.

CDTIs were set up with the main objective of improving the standard of investigation in the country by familiarizing the investigating police officers with the various developments in Forensic Science which could aid the police in connecting the crime with the criminal using scientific evidence instead of relying on the old third-degree methods and unreliable oral evidence.

After functioning in Intelligence Bureau till 1973, the Central Detective Training Schools were transferred to Bureau of Police Research & Development. The nomenclature of Central Detective Training School was changed to Central Detective Training Institute in 2017. The designation of Principal has also been changed to Director.

The motto of this institution is “*ज्ञानं सम्यग् वेक्षणम्*” which means
“WISDOM LIES IN PROPER PERSPECTIVE”.

In the year 2017, BPR&D has declared Central Detective Training Institute, Hyderabad as Centre of Excellence for “**Police Information Technology & Cyber Crime**”.

In CDTI campus, there is one “**National Cyber Research, Innovation & Capacity Building Centre**” which was inaugurated by the **Hon’ble Minister of State for Home, Govt. of India, Shri G. Kishan Reddy on 24-02-2020 under I4C Scheme of MHA**. In the year 2022-23, 06 courses have conducted in this lab on the topic “Cybercrime Investigation & Digital Forensics (Basic&Intermediate)” in which 184 Police officers were imparted training.

In the Calendar Year (2022-23), CDTI, Hyderabad has organized 104 courses in which 7067 officers were imparted training. 72 out of 104 courses are related to Investigation of cyber crimes. Apart from conducting physical/offline training courses, one day Webinars/ Workshops/ Conferences/ Symposiums are also organized in online mode.

As part of social responsibility, We have also organized various Awareness Programmes for school/ college students. CDTI, Hyderabad has conducted 06 awareness programmes in 2022-23 in which 345 students/ teaching staff have participated.

As a part of “**Azadi Ka Amrit Mahotsav**”, CDTI, Hyderabad has organized 13 National Symposiums from February-August 2022. In the year 2022-23, we have organized 10 National Symposiums in which 4677 Police Officers from all States/UTs and CAPFs attended.

2. MISSION & VISION

Criminal Investigation has always been a very difficult and complicated task. A very large number of criminal cases remain undetected because many investigating officers are neither properly trained nor have a good experience. Not only that, a shoddy investigation means the culprit goes scot free which tarnishes the image of the police. Over a period of time with the change in society, many changes in crime have also emerged owing to technology and innovations. Crime can be committed by anyone regardless of their economical, political or social positions. It is suggested that crime does not disappear it simply changes. So, criminals learn newer and better ways to commit a crime. Some crimes that emerged over the time with changes occurred in society and technology are Cybercrime, White collar crime, etc. Police training is a continuing activity and the better the training the better the policing.

The objective of the CDTI is to provide training to in-service police personnel/CAPF, CPO and Police officers from abroad (like Srilanka, Cambodia, Sudan, Guyana, etc) to enhance their investigative skills by -

- 1 Imparting the latest knowledge of scientific technique
- 2 Appraising them about best practices in investigation
- 3 Elevate the proficiency in latest developments in forensic science, cybercrime and cybercrime investigation & artificial intelligence
- 4 The main goal is to identify, collect, preserve, and analyze data in a way that preserves the integrity of the evidence collected so it can be used effectively in a legal case.

It has been the constant endeavor of CDTI, Hyderabad to continuously improve upon the quality of course contents, study materials, case studies, etc. and make the in-service training more practical oriented and interactive.

3. OUR STAKEHOLDERS

CDTI Hyderabad is providing training to Police Officers/CAPFs personnel on the topics relating to investigation of various crimes including cybercrimes, etc. Apart from these Courses, CDTI-Hyderabad organizes Courses on “Capacity Building for Women Police Officers (Work-life Balance, Leadership, Professional Skills, etc.)”, “Soft Sills, Communication Skills and Public Dealing”, “Gender Sensitization”, etc.

CDTI Hyderabad has the following stake holders:

(a) Police Officers (State)

CDTI, Hyderabad is giving training to Police officers of Rank for SI to Dy. SP of its 10 Client States

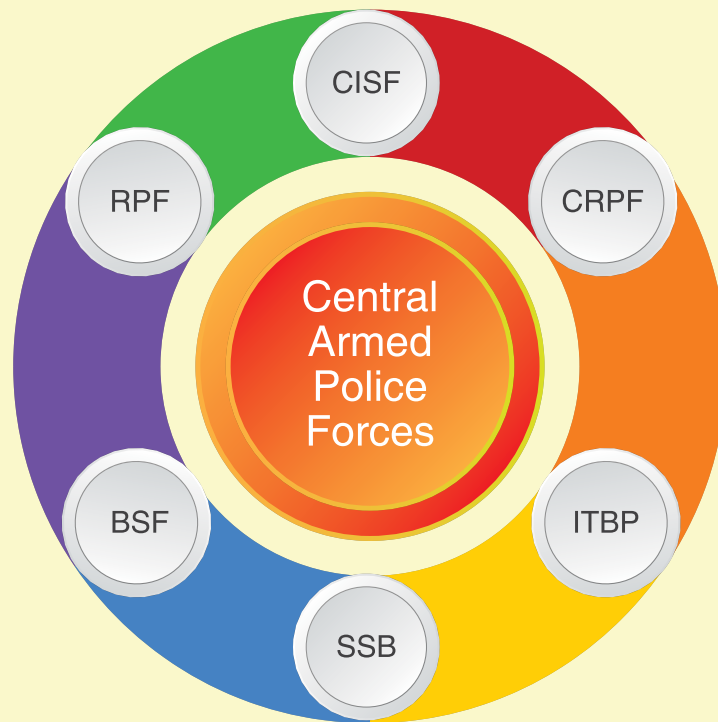

However, as the Centre of Excellence for Police information Technology and Cyber Crimes, requests from various States/Organizations to permit their Officers are being considered and Officers from all part of the country are also being imparted training.

The following are the 10 States /UTs allotted to CDTI, Hyderabad:

8. CAPACITY BUILDING PROGRAMMES

CDTI Hyderabad continued to build the capacity of LEAs i.e., police officers, and prosecutors in handling cybercrime investigation. Apart from the excellence in cybercrime training, we also provided a platform for stakeholders to overcome the pressures in their professional life by organizing courses such as Self-Development & Conflict Management (work-life balance, leadership, professional skills, etc.). CDTI-Hyderabad could overcome the challenges posed by the pandemic and could successfully reach out to Police Officers from friendly countries. A series of National Symposiums on the occasion of “**Azadi Ka Amrit Mahotsav**” evoked keen interest among the Police Officers. Courses on Women Safety were organized for Police Officers and Prosecutors in order to sensitize them on the issue. Thus, CDTI-Hyderabad is continuously striving to increase the investigative skills of the Law Enforcement Officers by introducing and organizing new courses to tackle the emerging crimes.

11. AWARENESS PROGRAMS CONDUCTED AT CDTI HYDERABAD

(a) Programs conducted for school childrens

CDTI Hyderabad conducted six awareness programme in its Campus for school children on sensitive issues such as “How to report incident of misbehaviour - Good Touch & Bad touch”, sensitize the students on the topic Cyber Stalking/Bullying and cyber crime against Women, Cyber & Social Media Crimes-Ways to prevent them, Cyber Crime & Cyber Security Program for Government School Students & Teachers in the year March 2022-23.

(b) Gender Sensitization:

There is a palpable gender sensitivity deficit in the police functioning. At present, the concept of gender is grossly misunderstood by police. There is also a lack of proper awareness of the prevailing gender inequalities among police officer. Even if there is awareness, the cult of muscularity prevailing in the police organization does not easily permit a change in the attitude and behavior of male police personnel towards women. In order to make police officer behave and act in a gender sensitive manner while dealing with cases of violence against women and also in the discharge of their duties in general, CDTI-Hyderabad conducted the following courses on "Gender Sensitization" for Police officer/CAPFs.
